

THEN:

- *Rows
- *Lack of collaboration
- *Limited learning modalities
- *Lack of tabletop space for work
- *Decreased organizational opportunities

SEATS OF LEARNING

Varied/Flexible
Seating Options

NOW:

- *Research based teaching methods
- *Variable seating options to meet the needs of varied learners
- *Increased collaboration
- *Increased executive functioning skills

Standing Desks

Collaboration
Stations

Help us move our academically excellent school into the 21st century by donating to update our school furniture. Each classroom upgrade will include improved desks, collaboration stations, and standing desks. Each classroom upgrade will cost approximately \$5000. Thank you to those who attended the gala and have already donated over \$14,000 to start this project. Donate on our website, send a check to the school with seats of learning in the memo line, or email the school at development@sjte.org.
