## IMPORTANT DATES

- 11/5 Math Test
- 11/12-13 Parent/Teacher Conferences

## Grammar GHOSTbusters

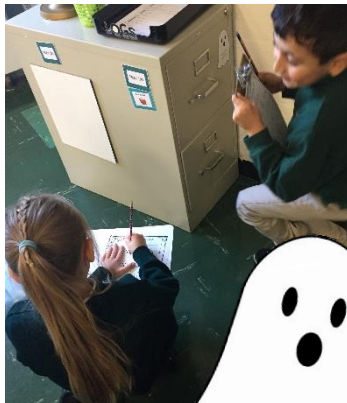

Who you gonna call? The third grade!

This week, students were given another opportunity to bust some classroom ghosts while also practicing identifying verbs in a sentence! Some of the ghosts students found were challenge ghosts, where students had to change the verb in the sentence to a more colorful verb (many students changed "said" to "whispered" and "ate" to "gobbled".)

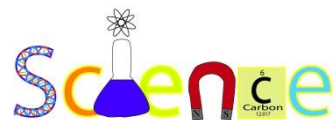

This week, we continued reading our biographies and working on our reading packets as we go.

Our goal is to start finishing our books this week and have an opportunity to show off our learning before Thanksgiving. However, we did take a break on Tuesday from reading our biographies to do a fun writing activity. Students made up their own Halloween characters and wrote backstories for their characters. They loved the chance to get creative and they enjoyed reading one another's stories when we hung them on our Reading bulletin board!

See everyone with their slime on page 2!

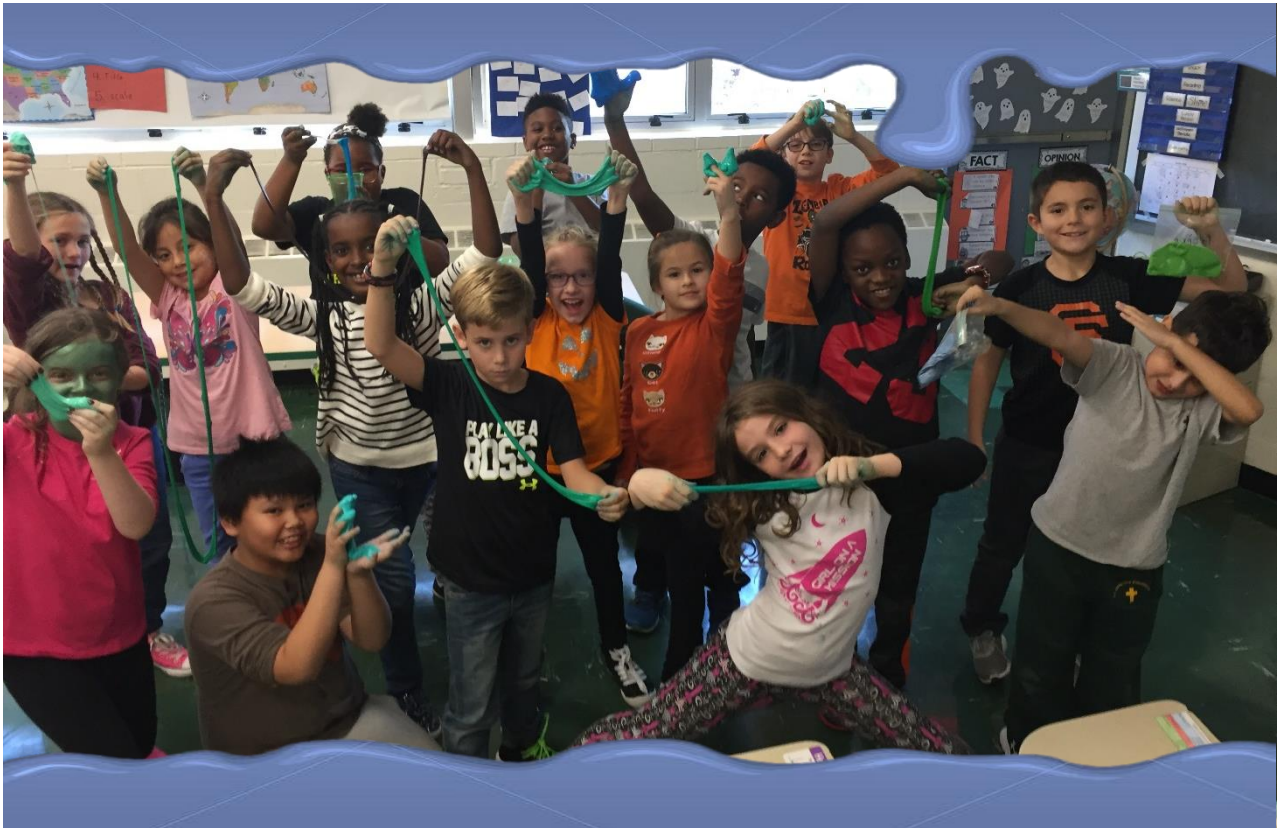

This week in science, we talked a bit more about constellations. Students were challenged to get creative and create their own constellations and myths. We talked about how many constellation myths involve characters that were on Earth at one point, and eventually became constellations at the ends of their lives.

Students also earned a fun treat: to make their own slime! Students listened carefully to the directions and slowly combined glue and Elmer's Magic Liquid to create the slime. Afterwards, students added food coloring and glitter to make their slime fabulous!

# coming soon!

- **Math:** Introduction to multiplication.
- **Reading:** Reading narrative nonfiction like they're stories and to find information.
- **Religion:** Priesthood and the sacrament of Holy Orders. Then we will complete a final project on vocations.
- **Science/Social Studies:** Moon phases final project, then we will switch back to Social Studies and begin a unit on citizenship.

S L I M E !

“Those who do not believe in magic will never find it.”  
– Roald Dahl
